Packaging

Composed of shrink-wrapped plastic and protective corners. The packaging is developed alongside the design, optimizing it to be easy to transport and occupy minimal space, avoiding the unnecessary use of packaging material.

Sostenibility

Responsible design minimizing the impact of industrial activity. From our factory, 99.9% of waste is recycled, earning the "Zero Waste" certification from AENOR. Our products are free from PFCs.

Features

Apolo is manufactured by Fama Sofas, whose quality system is certified by AENOR and IQNET, according to the ISO 9001-2015 standard, with certificate number ES-0790/1999, in addition to the Environmental Management certification according to the ISO 14001-2019 standard. All models have passed the required tests for the issuance of the Quality Control label from the Aidima-Cetem laboratories.
